PRICE 2 CENTS

## If You Read This

It will be to learn that the leading medical writers and teachers of all the several schools of practice recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, "liver complaint," torpid liver, or biliousness, chronic bowel affections, and all catarrhal diseases of the digestive tract, no matter what the nature. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections and their results, as bronchitis, throat and lung diseases (except consumption), accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering, or chronic cases it is especially efficacious in producing permanent cures. It contains Black Cherry bark, Golden Seal root, Bloodroot, Stone root, Mandrake root and Queen's root—all of which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Prof. Bartholow, of Jefferson Med. College; Prof. Hare, of the Univ. of Pa.; Prof. Finley, of the Univ. of Mich.; Prof. Bennett, of the Univ. of Chicago; Prof. John King, M. D., of Cincinnati; Prof. John M. Scudder, M. D., of Cincinnati; Prof. Edwin M. Clark, M. D., of Hahnemann Med. College, Chicago, and scores of other equally eminent in their several schools of practice.

The "Golden Medical Discovery" is the only medicine put up for sale through druggists for like purposes that has any such professional endorsement. It is more than any other ordinary remedy. It is the best possible go-ranty of its merits. A glance at this published formula will show that "Golden Medical Discovery" contains no poisonous, harmful or habit-forming drugs and no alcohol—chemically pure, triple-refined glycerine being used instead. Glycerine is a most useful agent in the cure of all stomach as well as bronchial, throat and lung affections. There is the highest medical authority for its use in all such cases. The "Discovery" is a concentrated glyceric extract of native medicinal roots and is safe and reliable. A booklet of extracts from eminent medical authorities, endorsing its ingredients mailed free on request. Address Dr. R. V. Pierce, Buffalo, N. Y.

## THE STRIKE IN THE NORTH-WEST.

Every line of industry in the two cities, Duluth and Superior, and all cities of the northwest dependent on the movement of supplies is seriously affected by the strike of the railroad switchmen, which began Tuesday evening. It is estimated that upwards of 12,000 men are idle on account of the strike order. Thousands of freight handlers and teamsters are losing time by reason of the freight blockade in the terminal towns, while a continuance of the strike for several days will throw additional thousands out of work.

The railroad yards are filled with stalled freight trains and an attempt to move a few by the aid of the office men drafted as switchmen is making no impression. Business men generally are beginning to feel the result of the strike. The first to be affected were the wholesale grocers and commission houses. Wholesale grocers say that nothing is moving. Commission houses are doing nothing and their customers in the small towns who get their supplies from day to day will soon be unable to serve fresh vegetables and fruit.

Some of the larger commission houses have reduced their working forces and will make further reductions if the strike continues many days. In Minneapolis the flour mills closed last night and it is estimated that 3,500 men employed in them are idle. A continuance of the strike will throw out of employment about 1,500 more who are employed in the coopers and mill-towns.

In the iron range country the small towns will soon be facing a famine unless trains of foodstuffs can be brought in there. In Superior 300 men were laid off in the Great Northern Railway machine shops. The mines will be affected by the stopping of freight traffic. On the ore docks at Duluth and Superior within 48 hours 10,000 men will be out of employment and the general loss on account of no employment for labor and inability to deliver merchandise will run into thousands of dollars.

The most serious effect will be in Montana, particularly at Butte, Anaconda and Great Falls, where the copper mines and smelters are located. In Montana, and eastern Idaho freight traffic is tied up. Unless the railroads can carry coal to the smelters and ore from the mines to the smelters operations must speedily cease. All hopes of a settlement of the strike at present are at an end.

## GENERAL COMPLAINT.

I do not mind the tax on hats, On gloves and silk stockings; The tax is all right on oats, And bastian fighting cocks; I do not mind the tax on hay, Or green pine doors or shoes; But see, it makes me groan to pay The big tax on my boots.

The tax on eggs is very fair, Likewise the tax on tea; The tariff put on Auburn hair Has never bothered me; But there are worse I cannot say, I could do so if I choose; But the hardest tax you have to pay Is that which covers booze.

If you get "fall" you get no drink, But sometimes a black eye; You try to walk, you try to think, To get home you may try; A preacher standing on the square Will say there goes a sign; And though his words are all hot air, You can't walk a chalk line.

Place duties high on collars, cuffs, On girdles, naps and skates; Tax bristles, crests and powder puffs, Green mint and children's skates; But oh you fa es I humbly pray, As you your taxes loose; Put all you wish on common clay, But please don't touch the booze.

## BURNED AT THE STAKE.

John Harvard, a negro preacher who shot and fatally injured Will D. Booth, 2 miles from Cochran, Ga., yesterday afternoon, was captured by a mob of enraged citizens 5 miles from Cochran last night at 10 o'clock, and burned at a stake, more than a carload of lightwood being heaped about the body. Booth is a well-known business man of Hawkinsville, and was en route to Cochran in an automobile when the shooting occurred. He drove up behind Harvard, who was in front of him in a wagon. Harvard charged that Booth's machine frightened his mules. He drew a pistol after a few words and fired upon Booth, three shots taking effect. Booth returned the fire, and it was learned after the shooting, Surgeons say there is little hope for his recovery. He has a wife and several children. Harvard received an opportunity to pray, after which he was bound with chains to an improvised stake. The fuel was piled high above his head, and the torch applied.

All the good qualities of Ely's Cream Balm, solid, are found in Liquid Cream Balm, which is intended for use in atomizers. This is a wonderful remedy for Nasal Catarrh is proved by an ever-increasing mass of testimony. It does not dry out nor render tender air-passages. It always the inflammation and goes straight to the root of the disease. Obsolete old cases have yielded in a few weeks. All druggists, 75c, including spraying tube, or mailed by Ely Bros, 55 Warren Street, New York.
